📍 Veterinary Teaching Hospital Prof. Soeparwi, Faculty of Veterinary Medicine, Universitas Gadjah Mada
Jalan Fauna No.1, Karangmalang, Yogyakarta.

EDUCATION

: **Doctor of Philosophy (Ph.D) in Veterinary Medicine**
Joint Graduate School of Veterinary Medicine, Yamaguchi University, Japan (2020 – 2024).

Master of Science (M.Sc) in Veterinary Medicine
Faculty of Veterinary Medicine, Universitas Gadjah Mada, Indonesia (2013 – 2015).

Doctor of Veterinary Medicine (DVM)
Faculty of Veterinary Medicine, Universitas Gadjah Mada, Indonesia (2007 – 2012).

WORKING EXPERIENCE

: **Director**
Veterinary Teaching Hospital Prof. Soeparwi, Faculty of Veterinary Medicine, Universitas Gadjah Mada (2026 - present).

Anesthesiologist
Veterinary Teaching Hospital Prof. Soeparwi, Faculty of Veterinary Medicine, Universitas Gadjah Mada (2024 - present).

Lecturer
Department of Surgery and Radiology, Faculty of Veterinary Medicine, Universitas Gadjah Mada (2016 - present).

INVITED SPEAKER

LECTURES &
CONFERENCE : **Blood Gas Analysis: Elevating Veterinary Patient Care**, PT. Setia Anugrah Medika, Surabaya (2026).

The Gut Under Anesthesia: Motility, Perfusion, and Clinical Consequences, Veterinary Continuing Education (VCE), Royal Canin, Yogyakarta (2026).

Hemodynamic Management: Maintaining Cardiovascular Stability in Practice, Indonesia International Scientific Veterinary Conference (IISVC), Indonesian Veterinary Medical Association (IVMA) and Jakarta Pet Expo, Jakarta (2025).

Respiratory Management: Approaches to Avoid Apnea and Hypoxia, HIGH FIVE Webinar Series, Prof. Soeparwi Veterinary Teaching Hospital Celebration Series. Held in conjunction with the 79th Dies Natalis of the Faculty of Veterinary Medicine, Universitas Gadjah Mada, Yogyakarta (2025).

Multimodal Analgesia: Optimizing Standards in Anesthesia, the Indonesian Veterinary Medical Association (PDHI), Yogyakarta (2025).

Arterial Blood Gas: Elevating Veterinary Patient Care, PT. Setia Anugrah Medika, Jakarta (2025).

Immunofluorescence Technology: Bridging Clinical Decisions with Rapid Diagnostic Testing, PT. Setia Anugrah Medika, Jakarta (2025).

Inhalant Anesthesia: Optimizing Protocols and Depth Management, RWD Academy and the Department of Surgery and Radiology, Faculty of Veterinary Medicine, Universitas Gadjah Mada, Yogyakarta (2025).

Balanced Anesthesia: Elevating Orthopaedic Patient Care, Continuing Professional Development, IPB Training, IPB University, Bogor (2024).

**WORKSHOPS &
HANDS-ON TRAINING**

: **Practical Anesthesia Management for Small Animal Clinicians From Equipment to Clinical Decision-Making**, the School of Veterinary Medicine and Biomedical Sciences, IPB University, Bogor (2026).

Clinical Workshop on Veterinary Anesthesia Equipment, PT. TransAid Solusi Indonesia, Prof. Soeparwi Veterinary Teaching Hospital, the Faculty of Veterinary Medicine, Universitas Gadjah Mada, Yogyakarta (2026).

Clinical Anesthesia and Patient Monitoring in Small Animal Practice: From Theory to Hands on Application, the Faculty of Veterinary Medicine, Universitas Brawijaya, Malang (2026).

Hemodynamic Management: Linking Cardiac Function and Vascular Tone in Anesthesia, the Faculty of Veterinary Medicine, Universitas Gadjah Mada and Indonesian Veterinary Surgeons Association (ADBVI), Yogyakarta (2025).

Mechanical Ventilation: The Art of Safe Breathing in Anesthesia, the Faculty of Veterinary Medicine Wijaya Kusuma and Indonesian Veterinary Surgeons Association (ADBVI), Surabaya (2025).

**IN-HOUSE
PROFESSIONAL
TRAINING**

Multiparameter Monitor: Decoding the Beeps and Waveforms, the Faculty of Veterinary Medicine, Universitas Gadjah Mada, Yogyakarta (2025).

: **Anesthesia Monitoring and Mechanical Ventilation: From Signals to Support**, PetSmile Veterinary Clinic, Jakarta (2026).

Anesthesia Monitoring and Mechanical Ventilation: From Gas Source to Patient Support, Bali Veterinary Clinic, Bali (2026).

Principles of Safe Anesthesia in Animals, Indonesian Association of Wildlife, Aquatic, and Exotic Animal Veterinarians, West Kalimantan (2026).

Anesthesia Monitoring and Mechanical Ventilation: From Signals to Support, MEDIVET PET HOSPITAL & PT. ASK, Jakarta (2026).

Mechanical Ventilation and Blood Gas Analysis, Djio Pet Care, Yogyakarta (2026).

Breathing and Beats: A Simple Guide to Ventilation and ECG Monitoring, MyVets Veterinary Clinic, Jakarta (2025).

Anesthesia Challenges: Managing Special Conditions in Non-Routine Patients, Pontianak Veterinary Clinic, Pontianak, West Kalimantan (2025).

Anesthesia Monitoring: From Screen to Lung (Practical Monitoring and Ventilation), Pontianak Veterinary Clinic, Pontianak, West Kalimantan (2025).

Small Animal Anesthesia: Practical Tips for Better Outcomes, Djio Pet Care, Yogyakarta (2025).

Multiparameter Monitor: Decoding the Beeps and Waveforms, Djio Pet Care, Yogyakarta (2025).
